## New Hampshire Carbon Challenge Presenter's Training Workshop

The *New Hampshire Carbon Challenge Presenters Workshop* provides training for motivated New Hampshire individuals to conduct presentations on climate change, regional impacts, and residential action utilizing the NH Carbon Challenge in their local or nearby communities. We are looking for engaging, enthusiastic volunteers with access to laptops and LCD projectors.

Those accepted into this workshop will provide 10 presentations in a one year period. These individuals are also eligible for Workshop Training #2 - "Community Carbon Challenge Organizers" to develop grassroots organizing skills and tools and Workshop Training #3 "Community Carbon Challenge Organizers - Continuing Education".

Since seating for this workshop is limited, the information you provide on this application will be used in the selection process.
